Part X - FIN 48 Footnote

The System, CH, SJH, Home Health and Infirmary are generally exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code. Only net income from activities designated as unrelated to the exempt purposes of CH, SJH, Home Health, and Infirmary are subject to federal and state unrelated business income tax. Geechee is organized as a single member LLC owned by System and is treated as a disregarded entity for tax purposes.

The System applies accounting policies that prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the System only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an

Part XIII Supplemental Information (continued)

income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses. Based on the results of management's evaluation, no liability is recognized in the accompanying combined balance sheets for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of June 30, 2025 and 2024 or for the years then ended. The System's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

SJCV, SJCMG, Properties, and Health Services have generally incurred operating losses for tax purposes and have not recorded a current or deferred tax provision due to significant net operating loss (NOL) carryforwards which would be utilized to offset any potential tax liabilities generated from future taxable income. At June 30, 2025, NOL carryforwards expiring through 2045 amounted to approximately \$87,738,000 and are available for the offset of future taxable income. No asset has been recognized related to this NOL carryforward due to continued operating losses.

The prioritization of significant health needs of the community is identified and the methodology for prioritizing each need is described on page 21 of the 2025 CHNA.

Facility 1, Saint Joseph's Hospital, Inc. - Part V, Line 5

St. Joseph's/Candler (SJ/C) utilized data from multiple sources that provide insight into community indicators and performance measurements for specific needs within the community. Data Sources include Savannah-Chatham County Public School System, GA Department of Health, the National Cancer Institute, and Coastal Georgia Indicators Coalition (CGIC). Partnerships with outside community organizations included CGIC, GROW Savannah, Healthy Savannah, and The Medical College of Georgia- Savannah Campus. These partnerships also provided direct access to public health officials, government officials and community leaders with special expertise in combatting the health and social challenges of the community. These collaborative groups provided access and manpower to attend community events. At these community events, the community participated in surveys and listening sessions. By analyzing the data collected at community events, SJ/C was able to better understand the perceived needs of the community.

Facility 1, Saint Joseph's Hospital, Inc. - Part V, Line 11

Many health and social needs were identified again in the 2025 Community Health Needs Assessment. Despite the many challenges, Chatham County is fortunate to have a number of health and social service organizations who work collaborative to address the community's most pressing needs. The hospitals, health department, CGIC, CCSNPC, the United Way, municipal governments and schools of higher learning work individually and collaboratively to address the most significant health and social needs of the community. It would be impossible for any single organization to address all the identified needs. To that end, SJ/C, with the help of our community collaborators, reviewed the identified needs and prioritized which needs the hospitals would address, and which they would not address

This ensures each site continues to provide a service the community needs and benefits from.

With our partners, we listen to our patients and clients, as well as access existing needs assessments and studies in order to determine the community's most pressing needs. All of St. Joseph's/Candler's healthcare facilities, including its hospitals, further their exempt purposes by promoting the health in our community in a variety of ways.

SJ/C strives to promote health by making strong connections with the local community. One critical connection includes our governing bodies, which are primarily comprised of persons who are not employees, contractors (nor family members thereof), and who reside in St. Joseph's/Candler's primary service area.

The Hospitals' medical staffs are open to all qualified physicians in the region. For those physicians in the region who do not have privileges, St. Joseph's/Candler provides a process for admitting patients via the hospitalists or through other SJ/C privileged providers.

Surplus funds are used to support various outreach efforts described in Schedule H and the Community Benefit Report. Surplus funds are used to provide operational support to our African American Health Information and Resource Center, St. Mary's Community Center, and our two free health clinics. Further, these funds help to improve patient care to provide medical education to patients and the community, to conduct research, and to implement new technology.

One of the ways SJ/C assists low income elderly and disabled citizens to remain in their own homes and avoid institutional nursing home care, is through the work of the Georgia Infirmary. The Georgia Infirmary provides direct service to the elderly and disabled and advocates at the state and national levels for programs that will serve the needs of these citizens. The Georgia Infirmary has provided services to such persons through an adult day care center since 1974.
